

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Concur with the San Joaquin Council of Governments Amendment to the Measure K Expenditure Plan to Utilize the Remaining Measure K Programming Capacities between All Program Categories

MEETING DATE: May 6, 2009

PREPARED BY: City Manager

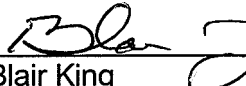

RECOMMENDED ACTION: Concur with the San Joaquin Council of Governments amendment to the Measure K Expenditure Plan to utilize the remaining Measure K programming capacities between all program categories.

BACKGROUND INFORMATION: The City received the attached letter from the San Joaquin Council of Governments (SJCOC) notifying cities of the amendment to the Measure K Expenditure Plan, which would allow the remaining Measure K programming capacities to be used between all program categories. The Expenditure Plan provides a process for jurisdictions to disagree with any amendments to the Plan, and decision-making bodies would have until May 11 to approve resolutions expressing its opposition.

Staff has reviewed the proposed amendment and has no objection to utilizing the remaining Measure K programming capacities between all program categories. If the Council concurs, no further action is needed.

FISCAL IMPACT: N/A

FUNDING AVAILABLE: N/A

Re: Amendment to the Measure K Expenditure Plan

Date: March 31, 2009

San Joaquin County voters passed the Measure K Ordinance and Expenditure Plan in 1990. The Measure K Ordinance establishes and implements a %-cent sales tax for transportation purposes up to year 2011. The Ordinance provides for the implementation of the Expenditure Plan that identifies countywide transportation facility and service improvements to be delivered over the 20-year period. Because the Ordinance covers a period of 20 years, there is a provision in both the Ordinance and Expenditure Plan that allows for the consideration of amendments to the Ordinance and Expenditure Plan every fiscal year.

In January 2009 the San Joaquin Council of Governments (SJCOG) initiated a solicitation for proposed amendments. At its March 26, 2009 meeting, the SJCOG Board approved a Measure K Expenditure Plan amendment to use the remaining Measure K programming capacities between all program categories.

No amendments are proposed for the Measure K Ordinance.

According to the Expenditure Plan, in the event that a local jurisdiction does not agree with the amendment, the jurisdiction's policy decision-making body must, by a majority vote, determine to formally notify SJCOG of its intent, in writing via registered mail, to obtain an override of the amendment. The appealing jurisdiction will have until **May 11, 2009** to obtain resolutions supporting an override from a majority of the cities representing a majority of the population residing within the incorporated areas of the county and the Board of Supervisors. If a jurisdiction does not obtain the necessary resolutions supporting the override, the amendment will stand.

If you have any questions about this process, please contact Donald Mascardo, Associate Regional Planner, at (209) 468-3913. Thank you.
